Mr. Harford called the meeting to order. The February 21st meeting minutes were presented. A request was made to amend meeting minutes. After making the change, Mrs. Bain made a motion to approve last month's minutes and Mrs. Joslin seconded. DIT members were presented with the Emergency Operation Team Roles portion of the Emergency Operations Plan. Mrs. Bain discussed the plan as laid out and also addressed school security measures that are currently under consideration. Nurse Karla then stated that there were no current matters to discuss relating to the SHAC update. Mr. Harford then asked members to review upcoming surveys (Technology Related Skills survey, Student/Staff Cafeteria survey, and the updated Fruitvale ISD Comprehensive Needs and Stakeholder Engagement Assessment survey). Surveys were review and several changes or updates to questions were discussed. Mr. Harford then asked for any further budget considerations for the upcoming school year as well as items to consider for the next meeting. The meeting was then dismissed. The next meeting will be on April 11th at 3:30 in the HS library.
