GUESS YOU JUST HAD TO BE THERE

FPUITVALE BOBCATS '87

Here it is another year gone by
More memories and moments shared
Together at Fruitvale.
Remember September 2 when we were
eager to begin ...
And how relieved we were when
May 28 finally arrived!
And in between there were times
just too funny or too emotional
to put into words.
Remember when ...
Oh well, I GUESS YOU JUST HAD TO BE THERE!!

Dressed For Success

Everybody knows that clothes make a person. You can tell what kind of person they are by what kind of clothes they wear. Some people go for the flashier look and some for the more laidback approach. At Fruitvale all sorts of people dress in all sorts of clothes. Some of the fads this year are jeans and t-shirts, long skirts and long shirts, and boys in dresses. Concert shirts are another

big thing at Fruitvale. But the biggest fad of all was toilet paper. I guess it's cheaper . . .

Like I said, you can tell a lot about a person by what they wear. People who wear bright, flashy colors are usually outspoken and daring. People who wear jeans and tees are casual, relaxed people. Guys who wear dresses—well . . . That's something left to the imagination.

If I was any cooler I'd be dead.

"I guess you just had to be there."
 That's our famous phrase.
 "Are we having fun yet?"
 It's our wild, new craze!
 But the "Final Countdown."
 Is the Seniors way of marking off the days.
 Socializing in the halls ...
 Being tardy for your classes,
 Girls primping in the bathrooms,
 Cool dudes wearing dark sunglasses.
 That's what Fruitvale's all about,
 Just having fun and hanging out.
 But we really work here
 Believe me! We really do!
 When Ms. Mac says, "Pull out a sheet
 of paper."
 Who would argue?
 We've had some pretty good times here.
 Remember when ...?
 Oh well — I guess you just had to be there.

Don't move Adam there's a bug on your arm!

Beam me up Scotty!!

Are We Having Fun?

Go away!

This is my seesaw and my play ground. Now get off!

If you think I'm enjoying this ...

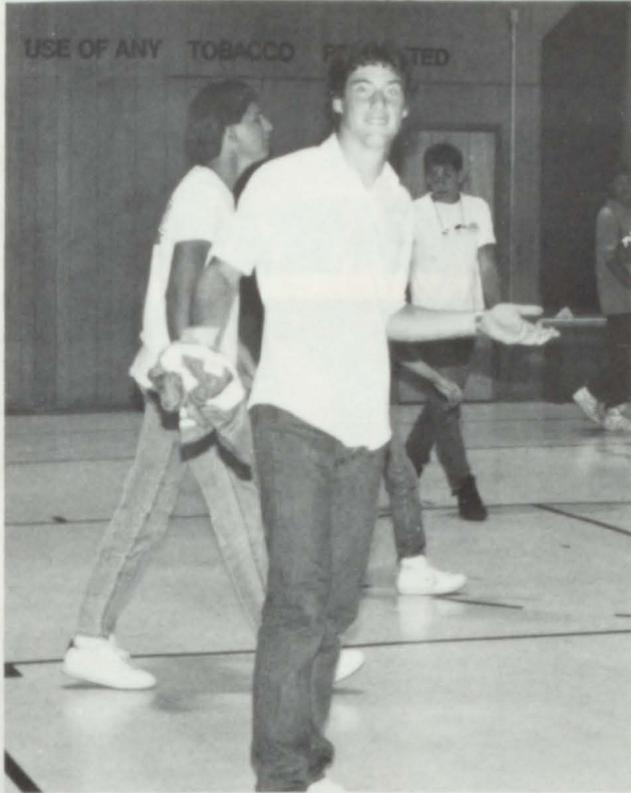

Leave us alone we make too many mistakes as it is. ▶

Isn't there anything better to do?

Now We Are!

◆ Now this is fun.

I loved making projects.

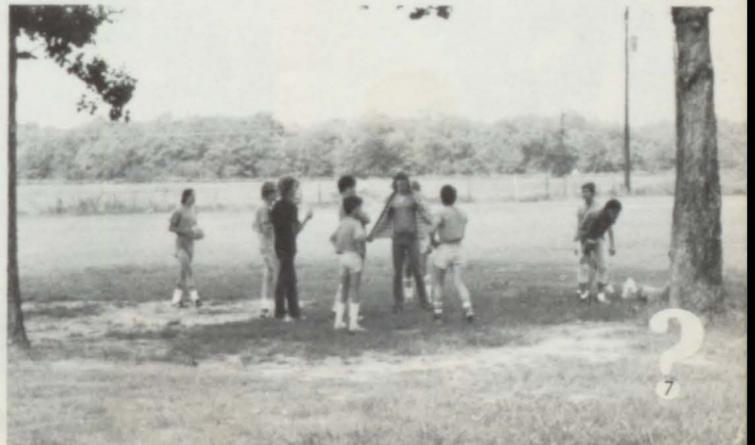

This is why we came to school!

What a gang! ◆

We loved playing games.

Spirit Of '86

This year the Bobcats had a great year. The football team did quite well and the volleyball girls were successful too. But the important thing is not just winning or losing, it's the spirit of the game, the competition, the enthusiasm of pep rally's and hearing the band play the school song. Basketball gets the crowd going really wild. You get the most noise, good or bad, out of a basketball crowd. But the camaraderie, the friendship, and the attitude that you go into the game with is what counts. Winning isn't everything, but nobody wants to lose all the time. So next time you go to an athletic event, don't be so upset if they lose. As long as they worked together and kept up their spirits.

Wade's a big boy now

Mrs. Murphy's Math Class

Senior Marce Hukill's hand painted shirt is proudly displayed.

Public transportation is hard to find. Sometimes people resort to strange methods. Take the tricycle incident. Now couldn't you think of a better way to get around. Really, grown people on a tricycle. Crutches come a close first with the tricycle. Walking has got to be the worst. Can't these people afford cars?

Public Transportation

What is a friend? A friend is someone who you love even though they are a little off-the-wall. They're always there when you need them. Friends are great! They put up with you during the worst times in your life, you can take them to the prom if you don't have a date, and you can use them as an alibi to get out of the house. It's hard finding the right friend sometimes, but it doesn't take long to form a tight bond and when you do — here comes trouble! Take time to appreciate your friends.

Friends

Remember When

We shared the Egyptian Experience.

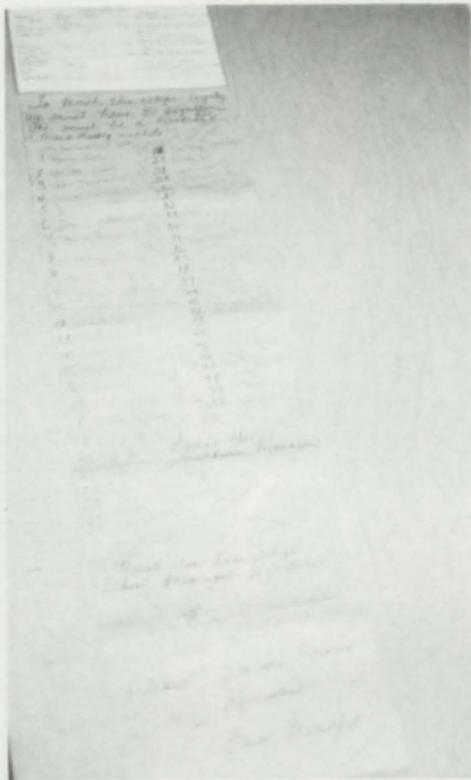

We worked and played.

We pushed and shoved.

We Worked Together

COOPERATION . . . that is the key to success. We worked together to accomplish many difficult tasks with the help of our friends and classmates. Remember when we had Yankee Doodle Pizza and it was so bad we circulated a petition to trash the recipe! Yea!!! It was trashed. Other difficult tasks were made easier with the help of our friends and teachers who were always there to lend a helping hand.

Fifth Grade . . . Explore was the key word this past year. We went to Old City Park in Dallas where we visited the railroad depot and saw a film on how Dallas developed the building of the railroad. Then we visited a print shop, dentist office, shotgun house, hotel, bank and general store. These were built between 1840-1910. The last place we visited was the Dallas Civic Garden Center for a tour on teraniums. It was a fun year . . .!!

This has been a really good year for the Third Grade. We had a small class and have had many activities. We won a couple of trips to the Dairy Queen and went to the museums at Dallas for our field trip. Our Parties were a lot of fun too . . . Several of the mothers came to each party. We had lots of good things to eat. We learned how to multiply and divide and write in cursive. A lot of new students joined us this year. Thanks to the parents for sharing their child's life with us.

Board Of Education

Fruitvale ISD has pride in their accomplishments and much of this comes from the dedicated hard work of the board members. These members spend many hours working together to provide the best facilities and supplies possible on the budget allowed. We salute these people and say "thanks" for a job well done. Seated L to R: Lloyd Erwin, Doug Daniels, Madeline Jones, Dale Smith. Standing L to R: Terry Tull, Roy Wright, Roy Lee La-Prade.

Superintendent's Message

"It is a distinct privilege to be a part of Fruitvale I.S.D. The cooperative efforts of our student body, faculty, support personnel, administration, and Board of Education have made our school a place to learn and to make enduring friendships. May God bless each one who supports this school."

Sincerely,

Don R. Travis

High School Principal Ray Miller

Ray Miller came to Fruitvale in 1982 and has served as principal for five years. He states that in his spare time he most enjoys traveling, fishing, playing tennis, golf, watching t.v. and spending money. He earned his B.S., M.Ed. degree from ETSU.

Elementary Principal Movita Maciel

Movita Maciel is the new person in administration. She has been a teacher at Fruitvale for fifteen years, but this is her first year as Principal. She earned her M.Ed. degree from UT Tyler. She enjoys shopping in her spare time.

Business Manager Joyce Driskill

Joyce Driskill has been the Business Manager at Fruitvale for eight years. She has to keep track of a great deal of information and assist Dr. Travis in the general operation of the school. Her job is never dull, but when she has any spare time, she enjoys sports.

It is understandable now why teachers don't like homework. They have so much to do themselves that they don't have time to grade student's papers. You see teachers carrying home more books than the students do. It's a wonder they have time to make out lesson plans and tests! Some people say that teachers have it easier than students, but they could be wrong.

The Lady Bobcats Volleyball season was a big success. The year started off with a great deal of excitement and anticipation under the direction of our new coach, Rita Dobbs. Coach Dobbs worked with each of us real hard to help us reach our goals. The first goal was to win District, and we accomplished that with a 6-0 record. Our next goals were to win Bi-District and Area. Which we did. Our next goal was to win Regional and unfortunately we fell short in the 3rd game of our first match against Leveretts Chapel. We worked hard and learned the value of team support and hard work. The support of family, friends, and schoolmates helped us get through our disappointment and for some of the team members there is next year to reach our goals. For the Seniors there is the memory of all the goals they have achieved and what they had to go through to do so. We are proud of them and will miss them alot.

The Bobcats had a tough season. Due to several injuries and the fact that they played with an almost entirely new team, they didn't have a very successful season. Their coach this year was Stan Surratt, this was his first year to coach the Bobcats. He's looking forward to next season when he will have most of his starters returning. He was humorously quoted as saying, "Next year everyone will be a year older."

A Season Pass To . . .

G i r l s B a s k e t b a l l

The Lady Bobcats ended their season with a 4-16 record. Their district record was 2-4 which put them in third place. They played hard and showed that a lot of teamwork was involved, but somehow, they fell short of winning. They lost several of their games by only a few points which shows that winning is not always what is on the scoreboard. The girls are under a new coach this year, Mrs. Debbie Armstrong. It was sometimes hard to get going, to learn new plays and techniques, but they have adjusted. Mrs. Armstrong also seems pleased. she commented that "they really improved in their ability and they seem to have taken on a winning attitude."

The Jr. High and High School Cheerleaders left for cheerleading camp on Sunday, July 21, 1986. They stayed in Smith Hall on the ETSU campus. They spent 5 days learning new cheers, chants, pyramids, routines, and ways to raise spirit. There was a talent night, which the Jr. High participated. Both groups brought back several ribbons and a spirit stick. They said that they can't wait til next year.

The Bobcat Junior High Squad had quite an impressive season this year with a 5-1-1 record. Only losing one game to the Grand Saline Indians. With a little more work they will improve.

HISTORY

Espanol

In Spanish we accomplished many things. We sang, we made pinatas and we presented a play- Just to name a few- not bad for a few amateurs.

Business

In Business we learned many skills which will help us to be good workers in the future, plus we learned some social skills.

Assemblies

Perfect Attendance

The classes had contest to see who had the best attendance- Winner received a Free pizza.

Career Night

Representatives from college, Technical schools, and armed services came and shared information on their institute.

Elementary Play Day

Elementary play day is lots of fun. We got a chance to compete among ourselves and we all became winners.

F.F.A.

The FFA has really done outstanding this year. They have achieved a lot. The kids should be very proud of themselves because of the awards they have achieved throughout the year. They have gained a lot of support from families and friends throughout the year. We hope they continue with the outstanding achievements for the years to come.

FHA was always full of fun and new adventure. We shared many moments by working together on projects. One project at Valentine was to prepare Valentine flowers and deliver them to the person loved. The best time was the annual FHA Banquet. This years theme was "Fabulous Fifties". Everyone had a great time and hated to leave.

Academic Awards

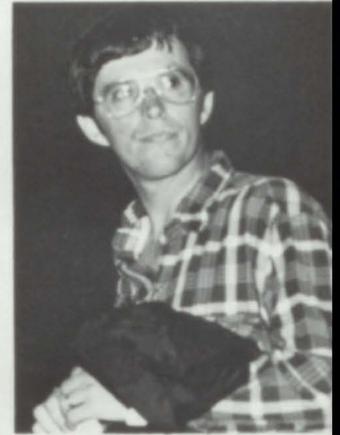

The 1986-87 Academic Award Assembly was held on Tuesday, May 26. The assembly started with the entertainment provided by three retired? teachers. Then Mr. Miller began the presentation with only one interruption and that was the UPS with a special dilivery gift for Mr. Beatty and Mrs. Terry who both were leaving Fruitvale to take new positions in different schools. The awards were then presented and another year of school was almost over for students and teachers of the Fruitvale school.

Year In Review

Many things occurred during the school year which are different than any year before. We had less interruptions during the day and the assemblies we had were more informative than entertaining. We found that the concern with students becoming more aware of the dangers and problems associated with drugs and alcohol became a real issue with the organization of the FAD (Fruitvale Against Drugs) club. In the halls signs reminded us of the dangers and problems associated with teenage substance abuse. We had the use of the drug dog which came to our school during the year without any previous notice. Pep rallies were cut down to only a few this year and clubs and organizations could meet only before or after school. This did cause some problems but all and all we accepted it in stride and made the best of the new law and rules. Dress codes were strictly enforced and attendance was stressed. Students who had more than 15 absences during the semester had to appear before the board for special rulings in their case. Another

change occurred at the end of school when all students including Seniors had to take finals. We all survived and looked forward to next year.

EDGEWOOD DAIRY QUEEN

1986 Homecoming

1985-86 Homecoming Queen
Wendy Taylor

HOMECOMING - 1986-87 ... What a week of exciting events as everyone got into the excitement. Each day was a special day and everyone participated. Finally, the day arrived and everyone waited anxiously as the events began. Wendy Taylor entered the field as the 1985-86 Queen and knew she had to relinquish her crown. As the candidates entered escorted by their fathers, each wondered nervously if they would be the one to leave the field with the honor. Then the moment arrived as the announcer called out the winner "The 1986-87 Homecoming Queen is Janice Copeland."

The night was just beginning and many friendships, old and new, were remembered and enjoyed. The football team made the evening complete by their exciting victory.

Jr. Class Prophecy

Wow, here it is 2007, it has been twenty years since the class of 1987 graduates. Did you know that Danny Curtis has become a very highly respected chef in Paris, from all his experience at the Fruitvale Cafeteria.

Yeah, I read in Circus magazine that Heather Macpherson is now the happy wife of David Lee Roth after a highly publicized divorce from Nikki Sixx of Motley Crue.

And ...

Do you know the Navy has a new 10 million dollar battleship called the Ferguson Fury and guess who the captain is? Tammie Woodrum.

You know how DeAnn Reeves was Jr. and Sr. Class President? Well she has become a candidate for the upcoming presidential elections. She is going to run against Pee-Wee Herman. GOOD LUCK DEE!!

Do you know that Jason Harrison is a well-known forest ranger, and is now starring in numerous commercials with Smokey the Bear telling us how to prevent forest fires.

Have you been to Cedar Creek Lake lately. Janet Fagg and Georgia Cumbie now own a chain of earring shops around the lake. Their slogan is "why match when it's easier to mismatch?"

Have you seen the new commercial with Bobby Joe Thompson. He has replaced Honest Bud Milam and now has his own wrecking yard with his cars that he has totaled from previous year.

Have you heard about Twyla Brown and Lori Purvis? They now own a chain of Dairy Queen's in Africa feeding the Ethiopians.

And did you hear about the new hospital opening in Dallas? It's called Hukill Hospital named after Marce Hukill the chief surgeon. And Rena Elmore DeLaRosa Spurlin is busy these days taking care of Marce's Ex-patients by working as a mortician.

Lisa Copeland now plays for the Dallas Belts, a professional volleyball team, that is coached by her husband, Tommy Copeland. Their son is the assistant coach. You can really say volleyball runs in the family.

And ...

Can you believe that Angie Wright is now a self made millionaire. She owns 75 health centers throughout America. They're called Angie's Fitness Center.

Do you know Mark Hall still lives in Fruitvale, he is the president of the Fruitvale Chapter of Alcohol Anonymous and in his spare time he helps Tom Hahn with his organization, America Against Drugs, which Tom is the founder and president. Tom is also the lead singer of a world famous christian rock group called "God's Love".

Sheila Fincer moved to Arkansas, and married Jeff Works, and has 6 kids and lives on a mountain goat farm.

Mrs. Hughes helped everyone decide what they wanted to eat.

Paula Maciel and Nancy DeLaRosa read the Jr. class prophecy.

Jeff Lewis and Otis Worden showed their best smile for the camera.

Class Will

We, the Senior Class of warped minds and perfect bodies, do bequeath the following:

I, Georgia Cumbie, leave Jeffrey Garrett the ability to get to school and the knowledge to play his music loud!

I, Tom Hahn, leave Wade Facklam the ability to give Mrs. Terry a hard time.

I, Mark Hall, leave Jeffrey Garrett my parking space in the middle of the parking lot, and locker. And to anybody else who wants what is left after I'm gone.

I, DeAnn Reeves, leave Wendy Taylor the ability to sleep through all her classes and still make good grades. I leave Nancy DeLaRosa my job as Mrs. Lambright's aide.

I, Bobby Joe Thompson, leave Wade Facklam my parking space, and the ability to score touchdowns during football next year.

Tammie Woodrum and Twyla Brown leave to Pam Herring and Joe Daughtery and Don Ann Williams our smiles and laughter. I, Tammie Woodrum, leave Paula Woodrum my parking space and the ability to survive through basketball without being point guard.

I, Sheila Fincher, leave Amy Baugh locker #223, and I leave David Dinkins to party all the time!

I, Janet Lynn Fagg, leave my parking space in the school parking lot to Wade Facklam. Take good care of it and enjoy the shade!

I, Lori Purvis, leave Wade Facklam the hard job of staying awake in Mrs. Terry's class, and to anyone who can find my parking space they can have it! And to Tina Jackson I leave my accounting book — Good Luck!

Twyla and Tammie leave Tanya White the ability to run around during school like we did! Tammie and Twyla also leave Otis Worden the ability to grow his hair long.

I, Marce Hukill, leave Tanya White locker #222. Good luck next year! You know Tanya the way it's going now, you'll be wearing shackles next year!

I, Rena Elmore, leave Tanya White my parking spot, and leave Jeff Lewis my Computer Programming.

I, Heather Macpherson, leave Don Ann Williams the right to be tardy to class without getting busted, and to Jeff Lewis I leave my outgoing personality. To the whole Junior class I leave the right to rock. Remember Heavy Metal Rules!

I, Danny Curtis, leave Coach Miller and Doug Daniels a bag of my hair — in order to make a wig for the both of them.

I, Angie Wright, leave Paula Maciel locker #217, and to Tina Jackson my books which are still new because I haven't used them much.

I, Jason Harrison, leave Charles Pipes my outgoing personality and the ability to get out of going to Senior class activities.

I, Lisa D. Copeland, leave Tanya White all the great memories of being a Senior at FHS, and I leave Jeffrey Garrett the ability to say "no" to certain girls! I also leave Stacy Love my parking space and all the memories of being a regional qualifier in the relays.

And the entire Senior class leaves the Junior class the right to skip school without getting caught. Good Luck! Seniors of '88!

And to Mr. Beatty the Senior class leaves all of our good memories and fun times we've shared with him at FHS to take him to his new job. We Love You and we'll miss you.

Lori Purvis and Twyla Brown serenaded Coach Surratt as they danced.

DeAnn Reeves read the class will.

Annual Staff sounds glamorous and fun, but it was a lot of hard work. The staff started out with nine members, but before the first deadline four members had quit. The members who stayed worked hard to make this an annual everyone will be proud. We tried many new techniques this year and it was a real challenge that most of the staff was able to accomplish.

We hope that we have captured the moments you want to remember.
